

# BOUGAA KHALID

## Front End Developer

### ABOUT ME

I am currently looking for a new challenge, First of all, I would like to tell you that I have more than six months as a web designer, in addition to my knowledge, I can count On my sense of responsibility and my rigor. I am also open minded Some one who is easy to communicate with and a genuine desire to learn. I think those These are core values to achieve the level of performance you expect

### PROJECTS:

project 1:

- It is a site identification document freeCodeCam

project 2:

- This elegant website has everything to present your online fitness gym in the best possible light

project 3:

- CRUD (create, read, update, delete) is an acronym for the ways one can operate on stored data. It's a mnemonic for the four basic functions of persistent storage
